

Lenaea High School Theatre Festival 2022

Award Recipients

Revised February 16, 2022

For the "virtual" 2022 festival, we made permanent the scoring model introduced on an experimental basis last year. Rather than granting one Gold, one Silver, and one Bronze award within each track and shift as in past years, this model establishes score ranges corresponding to Gold, Silver, and Bronze award levels. Every student whose scores place them in one of those score ranges receives an award at that level. In most categories, this model results in more awards compared to previous years.

Category	Award	Recipient
